Message of Pope FRANCIS for the 52nd WORLD DAY of PEACE JAN 1 2019

"Good politics is at the service of peace"

Peace is both interior and communal; and it has three inseparable aspects:

- peace with oneself, rejecting inflexibility, anger and impatience; in the words of Saint Francis de Sales, showing "a bit of sweetness towards oneself" in order to offer "a bit of sweetness to others";
- peace with others: family members, friends, strangers, the poor and the suffering, being unafraid to encounter them and listen to what they have to say;
- peace with all creation, rediscovering the grandeur of God's gift and our individual and shared responsibility as inhabitants of this world, citizens and builders of the future.

The politics of peace can always draw inspiration from the *Magnificat*, the hymn that Mary, the Mother of Christ the Saviour and Queen of Peace, sang in the name of all mankind.
